THE POWER OF THE HOUSE

A MESSAGE FROM OUR PRESIDENT

Fastening House Inc. is a Canadian owned and operated family business. Operating since 1958, we are a specialty tool and fastener distributor serving construction and industry. We work with our valued business partners to service your current and future needs.

The House is your fastening, installation and suspension systems solutions provider.

Our central distribution center in Vaughan services the GTA, Niagara and K-W Cambridge areas. We also have warehouse and showroom locations in Mississauga, Windsor, London, and Ottawa.

With our many delivery vehicles, including flatbed trucks, we get what you need on site and on time.

OUR MISSION

- To passionately strive to exceed our customers' total service expectations on each and every transaction.
- To garner enduring loyalty by treating every customer with the utmost respect and politeness, honesty and integrity, and a genuine desire to do whatever it takes to do the best job we can.
- To unwavering commitment to training, supporting and expanding the abilities of each staff member so they can reach new horizons in personal achievement.
- To forge long-term bond with our business partners based on quality relationships with their employees and sustained achievement of mutual business goals.
- To build a profitable business and reward the contributions that each member of our employee family makes to this success.

Our Goal is to work with you to reduce your in place and installed costs.

We can offer you increased productivity and reduced down time by implementing our unique Kelly Kabinet Inventory Maintenance System.

The Power of The House is our dedicated and knowledgeable staff whose attitude is "to do whatever it takes to service your needs."

Our sales staff continually works with the industry's leading manufacturers to source out and introduce you to new, innovative and time saving products.

OUR VISION

- to be the best specialty distributor to construction and industry
- to be your solution providers for fastening, installation, suspension systems and safety products
- "to do what we say we are going to do, do it when we say we are going to do it, and to do it right the first time."

Our commitment to you is that we will strive to exceed your total service expectations at each and every step in every transaction.

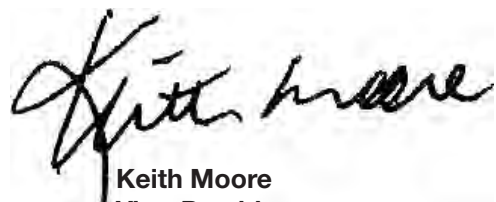

We value not only the relationships we enjoy today, but also those that we are continuing to build with our new clients.

Our promise is to work to deserve your business and continued support.

Thank you for considering us as your single source supplier for your fastening, installation, suspension, tools, equipment and safety supplies.

Ken Moore

**ESG50L11
CUTTER,
CABLE BAT 120V CHRGR**

- The ESG50L is used for cutting copper and aluminum power cables
- State of the art 18V lithium ion (Li-ion) battery provides 70% more cycles per charge and faster cycle times

**SLUG BUSTER®
KNOCKOUT KITS**

Stock No.	Description
7235BB	1/2" to 1-1/4"
7238BB	1/2" to 2" w/Ratchet Wrench

GREENLEE® STUD PUNCH

- Punches up through 20 Gauge Studs

Stock No.	Description
709	7/8" Holes
710	1-11/32" Holes

**GTS-1930 CABLE END
STRIPPER**

- One way ratchet handle – allows user to maintain control of the cutback throughout the stripping process, ensuring blade does not come into contact with the conductor
- Tension grip depth stop –Self-contained 4" laser etched depth stop for precise articulation of cut back depth, no additional tools needed for depth stop set up

**EK1240L11
CRIMP TOOL, 12T-LI BAT 120V CHRGR**

- Intelligent Crimping System Technology includes a pressure sensor that monitors the crimping force of each crimp and provides the operator a visual and audible alert if the force is below specifications
- State of the art 18V lithium ion (Li-ion) battery provides 70% more cycles per charge and faster cycle times
- Automatic Retraction Stop (ARS) which retracts the ram just enough to get ready for the next cycle saving time and energy

**QUICK-DRAW®
HYDRAULIC PUNCH DRIVER KITS**

Stock No.	Description
7806SB	Standard-Quick Draw® Driver, 1/2" through 2" Slug Buster® Conduit Size Punches and Dies Draw Studs, Adapter, Spacer and Case

FUEL™

M12™

M18™

FEATURES

- **FUEL™ Technology:** Delivers faster than corded speed, corded durability, and all day work on one charge.
- **POWERSTATE™ Brushless Motor:** Provides 1.7 ft-lbs of impact energy, 0 - 1,400 RPM and 0 - 4,900 BPM.
- **REDLITHIUM™ XC 4.0 Battery Packs:** Provides all day work on one charge, 20% more power and 2X more recharges than standard Lithium-Ion batteries.
- **REDLINK PLUS™ Intelligence:** Integrates full-circle communication between tool, battery and charger to protect from overloading, overheating, and over-discharging.

**FOUR TOOL COMBO KIT

[illegible]

INVENTORY MAINTENANCE SYSTEM

ONLY AT
THE
HOUSE

WHAT IS IT?

It's a managed service that keeps your people working by having what they need close at hand when they need it.

HOW DOES IT WORK?

Together we will assess your job and tailor a service that fits your situation. We will supply our standard **Kelly Cabinet** or any of a number of storage containers available from us. We'll arrange a set up date and customize an inventory list to your exact specifications. We will produce the restocking order, place the order, deliver it and put it away all at a savings to you.

WHAT ITEMS ARE AVAILABLE?

We stock thousands of items from fasteners and safety supplies to cutting tools & strut. We'll customize your list to meet your needs.

WHAT DOES THE SERVICE COSTS?

NOTHING! THE SERVICE IS FREE.

The cost of products delivered through the **Kelly Cabinet Inventory Maintenance System** is the same as if you called and ordered it yourself. There are no hidden charges for delivery, goods or service.

WHAT ARE THE BENEFITS?

Control. The **Kelly Cabinet** is locked. You control the keys. The restocking orders are approved by you.

The Kelly Cabinet will keep your job running by having the items you need, when you need them and will reduce clerical work by your jobsite staff. Return unused items for full credit, and we'll handle that for you as well, so there's less clean up at the end of the job.
